Mr. Phillip R. Wheeler
Room 0408 Main Navy Building
Washington 25, D. C.

Dear Mr. Wheeler:

I have looked over the papers that you gave me yesterday with a great deal of interest and while I think there are lots of possibilities in your comments and reports, practically all of them are beyond the scope of this Agency.

However, I have just heard of a new committee called the National Committee for Free Europe, located in the Empire State Building in New York City, and whose Chairman is Mr. Joseph C. Grew, former Ambassador to Japan, which according to its advance notices seems to be considering problems similar to those referred to in your Summary "Office of Human Relations and Education". They may be able to do something along the lines suggested by you.

Thank you again for your interest in this matter and please believe me,

Sincerely,

/s/ and delivered by hand by
